PROJECT 8805 \*

M

TASK: Conduct a Utility Assessment to determine the ability of remote viewers to function in a solo mode and to coordinate and analyze the results of their efforts to determine the scope and nature of an event. Determine a remote viewer's ability to act as project officer responsible for the tasking, reporting and coordination of the overall remote viewing and analytical effort.

REQUESTOR: DIA (DT)

OPENED: 1 Feb 88
